KITCHENS FOR REAL COOKS

There's far more to real kitchens than you might first think. One lady wanted us to make a special cupboard just for spices. Another asked for somewhere she could hang dried flowers and smoked garlic. * Real kitchens are like real people, infinitely varied & full of discovery. Creating them involves careful planning, skilful design & an eye to abiding values. Our kitchens are for people who will enjoy them, not those who want a status symbol. (They don't cost enough!) WE SHARE with our clients a love of good food & cookery. They appreciate our friendliness, good service, old-fashioned craftsmanship and sensible prices.
