The Parish Council supports the application but would like a condition attached tying the annex to the main property.

The Parish Council stands by their previous comments:

Previous Parish comments – ‘The PC supports the application in principle, although there are currently no neighbour views. It does seem to be a tight plot although it will not extend over the existing footprint and assume it would be for sale after completion. There will be no extra traffic as the building is being converted from a commercial property to provide a new home’.
